
THE HIGHWAY TRAFFIC ACT
(C.C.S.M. c. H60)

Traffic Control Devices Order, amendment

Regulation 125/2018
Registered September 19, 2018

Manitoba Regulation 264/88 amended

1 The *Traffic Control Devices Order*, Manitoba Regulation 264/88, is amended by this Order.

2 The following is added after section 27 of the Schedule:

Cyclists Wait behind Loading Bus sign (MI-197)

27.1(1) A "Cyclists Wait behind Loading Bus" sign may be used to make it known that cyclists should wait behind a bus that is stopped for loading passengers.

27.1(2) A "Cyclists Wait behind Loading Bus" sign must

(a) be rectangular in shape and erected so that the long dimension is vertical;

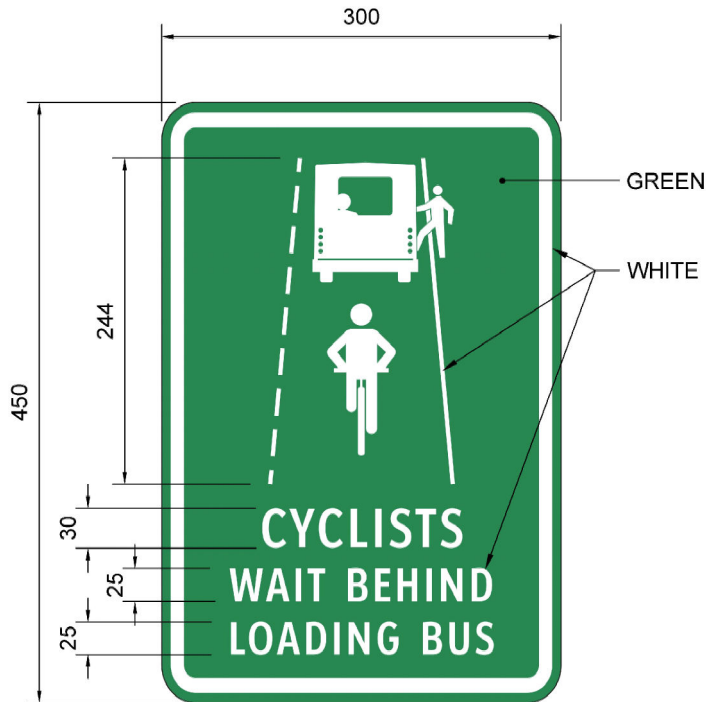

(b) be not less than 300 mm in width and not less than 450 mm in height;

(c) be green in colour and

(i) in the upper portion, display in white a symbolic passenger boarding a symbolic transit bus followed by a symbolic cyclist with a dashed symbolic lane line to the left thereof and a solid symbolic curb line to the right thereof not less than 244 mm in height; and

(ii) in the lower portion, display the word "CYCLISTS" in white uppercase letters not less than 30 mm in height and display the words "WAIT BEHIND LOADING BUS" in white uppercase letters not less than 25 mm in height;

- (d) be reflectorized to show the same colour and shape by night as by day; and
- (e) bear the markings and have the dimensions illustrated in the following illustrations.

MI-197

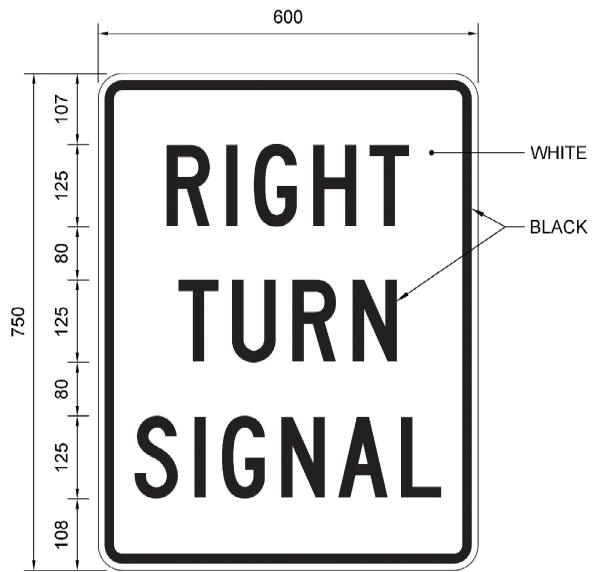

3 The following is added after section 65.30 of the Schedule:

Right Turn Signal sign (MR-183)

65.31(1) A "Right Turn Signal" sign may be used to make it known that a right turn signal is in effect.

65.31(2) A "Right Turn Signal" sign must

- (a) be rectangular in shape and erected so that the long dimension is vertical;
- (b) be not less than 600 mm in width and not less than 750 mm in height;
- (c) be white in colour and display the words "RIGHT TURN SIGNAL" in black uppercase letters not less than 125 mm in height;
- (d) be reflectorized to show the same colour and shape by night as by day; and
- (e) bear the markings and have the dimensions illustrated the following illustration.

MR-183
