4 The Board may allot a pullet production quota conditional upon the acquisition of a facility within a specified period of time.

List to indicate quota

5 Subject to the provisions of this Order, a registered producer's pullet production quota shall be equal to the number of pullets shown opposite his name on the list of registered producers approved by the Board on April 29, 1999, as same may be amended by resolution of the Board from time to time to reflect alterations or additions or deletions to same.

 - (i) deprive him of his right to the proceeds from the marketing of pullets raised by him, or
 - (ii) deprive him of his right to a payment or an entitlement to a payment or an anticipated payment from the Retirement and Quota Reallocation System to another person without the prior written consent of the Board; or
 - (iii) require him to purchase a product or a service in connection with the raising or marketing of pullets by him; or

Acquisitions of interests in excess of maximum prohibited

24(1) Notwithstanding anything contained in this Order, but subject to section 25, the Board will take appropriate action to prevent a person from acquiring control of or acquiring a direct or indirect interest in:

- (a) pullet production quotas in excess of maximum quota;
- (b) permits in excess of maximum permit.

M.R. 107/2007

24(3) For the purpose of this section, a membership or share interest in a cooperative corporation engaged in the production of pullets will not be considered a direct or indirect interest by a registered producer in pullet production quotas or permits allotted to that cooperative corporation, provided such cooperative corporation has at least 50 other members who are also registered producers.

(i) a subsequent reallocation of quota, or

(ii) a future change in the legal or beneficial ownership of an entity, or

(iii) an application to transfer quota from one facility to another facility.

PART VIII

False or misleading information re transfers

31 In the event that the Board has reasonable grounds for believing that any information provided to it by Statutory Declaration or Certificate is false or misleading, or that any conditions established by the Board in waiving the provisions of section 28 or section 30 have not been met by the parties, the Board may cancel or reduce the quotas of the registered producer whether or not the provisions of section 28 or section 30 have been previously waived by the Board.

(ii) the partnership interest of the departing partner being transferred represents 50% or less of the entitlement of the partners to the profits of the partnership and 50% or less of the responsibilities of the partners for losses of the partnership, and the partnership interest being acquired by the continuing partner does not represent a larger entitlement to the profits of the partnership or a larger responsibility for the losses of the partnership than the partnership interest possessed by the continuing partner immediately prior to the transfer,

and further provided this clause (b) does not apply unless

(A) the continuing partner and the departing partner of each held such partnership interests for a minimum period of five years prior to the date of the proposed transfer, and

(B) the Board has obtained the approval of the Manitoba Council to waive the requirements under section 28 without the necessity for the applicants to submit to the Board information relating to the consideration paid and received with respect to the proposed transfer.

Association of registered producers

34 In the event that a registered producer is or becomes associated with another registered producer, the Board may cancel or reduce the quotas or permits of such registered producers unless the registered producers have requested in writing that the Board waive this provision and have each provided the Board, by Statutory Declaration and Certificate, in a form acceptable to the Board, with full particulars of all persons having a direct or indirect interest in such registered producers and the Board has in its discretion waived this provision either conditionally or unconditionally.

M.R. 107/2007; 171/2008

Grounds for non-waiver re association

35 The provisions of section 34 will not be waived by the Board if the quotas allotted or permits issued to such registered producers aggregate more than maximum quota or more than maximum permit, or if the Board has reasonable grounds for believing that a person would directly or indirectly have a legal or beneficial interest in a quota or quotas which aggregate more than maximum quota or in a permit or permits which aggregate more than maximum permit.

M.R. 171/2008

False or misleading information re association

36 In the event that the Board has reasonable grounds for believing that any information provided to it by Statutory Declaration or Certificate is false or misleading, or that any conditions established by the Board in waiving the provisions of section 34 have not been met by the parties, the Board may cancel or reduce the quota of the registered producers whether or not the provisions of section 34 have been previously waived by the Board.

PART X**REALLOTMENT OF QUOTA****Complete farm sales**

37 In the event a registered producer sells the land, buildings, and equipment used by him for raising or keeping pullets, the Board may reallocate the quotas used in association with such facility to any purchaser provided it is satisfied that no value has been attributed to such quotas and that no more than appraised value has been paid for such facility.

In applying this provision the Board may require an appraisal of the facility by a qualified appraiser to ascertain the appraised value of the facility using an appraisal method or methods approved by the Manitoba Council, such costs to be borne by the applicant(s).

The applicants will each be required to provide a Statutory Declaration in a form acceptable to the Board confirming the sale and purchase consideration (both direct and indirect). All agreements between the registered producer and the purchaser (including a detailed listing of all assets included in such sale) shall be appended to such Statutory Declaration.

In the event that the Board has reasonable grounds for believing that any information provided in a Statutory Declaration is false or misleading, the Board may reduce or cancel the quotas in question, whether or not such quotas were reallocated.

The purchaser will be required to provide to the board a written undertaking, in a form satisfactory to the board, stating that the purchaser will not apply

- (a) for a retirement payment under the Retirement and Quota Reallocation Program;
- (b) for the approval of a change in the beneficial ownership of the registered producer pursuant to Part VIII;
- (c) for the approval of an association of the registered producer with another registered producer pursuant to Part IX;
- (d) for the reallocation of the quotas allotted to the registered producer pursuant to Part X; or
- (e) to relocate the facilities of the registered producer under section 52;

for a minimum of five years following such reallocation unless such party has first received the approval of the Manitoba Council to such application.

M.R. 107/2007

Sale of moveable buildings and equipment

38 In the event a registered producer sells a building used by him in raising or keeping pullets, the Board may reallocate the quotas used in association with such building (and any equipment included in such sale) to such purchaser provided it is satisfied that:

- (a) the condition of such building allows for the moving of the building to a new foundation on property owned by the purchaser; and
- (b) the condition of such building and any such equipment included in such sale is such that same is capable of being used for the balance of the estimated useful life of such building and equipment after relocation and installation on the new foundation; and
- (c) no more than the appraised value has been paid for such building and equipment.

In applying this provision the Board may require an appraisal of the building and equipment by a qualified appraiser to ascertain the appraised value of the building and such equipment using an appraisal method or methods approved by the Manitoba Council, such costs to be borne by the applicant(s). In ascertaining whether no more than appraised value has been paid for the building and such equipment, the costs of removing such building and equipment and relocating same on a new foundation on property owned by the purchaser shall be borne by the purchaser and shall be deducted from the appraised value of such building and equipment.

The applicants will each be required to provide a Statutory Declaration in a form acceptable to the Board confirming the sale and purchase consideration (both direct and indirect) and any of the matters set out above. All agreements between the registered producer and the purchaser (including a detailed listing of all assets included in such sale) shall be appended to such Statutory Declaration.

The purchaser will be required to provide to the board a written undertaking, in a form satisfactory to the board, stating that the purchaser will not apply

- (a) for a retirement payment under the Retirement and Quota Reallocation Program;
- (b) for the approval of a change in the beneficial ownership of the registered producer pursuant to Part VIII;
- (c) for the approval of an association of the registered producer with another registered producer pursuant to Part IX;
- (d) for the reallocation of the quotas allotted to the registered producer pursuant to Part X; or
- (e) to relocate the facilities of the registered producer under section 52;

for a minimum of five years following such reallocation unless such party has first received the approval of the Manitoba Council to such application.

In the event that the Board has reasonable grounds for believing that any information provided in such Statutory Declaration is false or misleading, the Board may reduce or cancel the quotas in question, whether or not such quotas were reallocated.

M.R. 107/2007

Lease of complete farm

39 In the event a registered producer leases the land, buildings, and equipment used by him for raising or keeping pullets for a term not to exceed two (2) years in length, the Board may temporarily reallocate the quota used in association with such land, buildings, and equipment to any lessee for the term of the lease provided it is satisfied that no value has been attributed to such quota and that no more than fair market rental for such facility is being paid under the lease arrangement directly or indirectly for the lease of such facility, or any other assets included in such lease (including any transaction with respect to pullets).

In applying this provision the Board may require an appraisal of the facility to ascertain the fair market rental of the facility using an appraisal method or methods approved by the Manitoba Council, such cost to be borne by the applicant(s).

The applicants will each be required to provide a Statutory Declaration in a form acceptable to the Board confirming the rent consideration (both direct and indirect) and any of the matters set out above. All agreements between the registered producer and the lessee (including a detailed listing of all assets included in such lease) shall be appended to such Statutory Declaration.

In the event that the Board has reasonable grounds for believing that any information provided in such Statutory Declaration or any requested Certificate is false or misleading, the Board may reduce or cancel the quota in question, whether or not the quota was temporarily reallocated.

At the end of the lease term such quota shall automatically be reallocated by the Board back to the lessor. Any extension or renewal of a term under a lease will be treated as a new lease.

40 Notwithstanding clause 17(d), where a person who is a registered producer becomes a bankrupt or applies for a receiving order or has such an order made against him or takes the benefit of any Act for the time being in force for the relief of insolvent debtors, or if a receiver is appointed with respect to facilities of a registered producer, the Board may, upon written request of the Trustee in Bankruptcy or the Receiver, temporarily reallocate to the Trustee in Bankruptcy or Receiver the quota allotted to such producer upon terms and conditions as may be established by the Board at the time of such temporary reallocation.

Reallocation of quota and dispensing with financial information on death, disability or retirement

41 In the event of the death, disability or retirement of an individual who is a registered producer, the Board may, on written request of such registered producer or of the personal representative of such deceased registered producer, reallocate the quota allotted to such registered producer to the heir or designated member of such registered producer's immediate family

(a) who becomes the owner of the pullet production business carried on by the registered producer and of the land, buildings and equipment used by the registered producer for keeping pullets; or

(b) who becomes the owner of the pullet production business carried on by the registered producer and of any assets owned by such registered producer in connection with such business, and becomes entitled to possession of the land and buildings used by such registered producer in connection with such business as the successor in possession to such registered producer;

without the necessity to provide the Board with an appraisal of the facility or confirmation of any sale and purchase consideration.

Reallocation of quota and dispensing with financial information on establishment of family partnership

42 Where an individual who is a registered producer enters into a partnership with a member of his immediate family, the Board may, on written request of such registered producer, reallocate the quota allotted to such registered producer to such partnership

(a) which becomes the owner of the pullet production business carried on by the registered producer and of the land, buildings and equipment used by the registered producer for keeping pullets; or

(b) which becomes the owner of the pullet production business carried on by the registered producer and of any assets owned by such registered producer in connection with such business, and becomes entitled to possession of the land and buildings used by such registered producer in connection with such business as the successor in possession to such registered producer;

without the necessity to provide the Board with an appraisal of the facility or confirmation of any sale and purchase consideration.

Reallotment of quota and dispensing with financial information on establishment of a corporation

43 Where an individual who is a registered producer incorporates a corporation controlled by himself and/or members of his immediate family, or where the partners who are registered producers incorporate a corporation owned by themselves in the same proportion as they owned interests in the partnership, or where a registered producer which is a corporation incorporates a wholly owned subsidiary, the Board may, on written request of such registered producer, reallot the quota allotted to such registered producer to such corporation or subsidiary

(a) which becomes the owner of the pullet production business carried on by the registered producer and of the land, buildings and equipment used by the registered producer for keeping pullets; or

(b) which becomes the owner of the pullet production business carried on by the registered producer and of any assets owned by such registered producer in connection with such business, and becomes entitled to possession of the land and buildings used by such registered producer in connection with such business as the successor in possession to such registered producer;

without the necessity to provide the Board with an appraisal of the facility or confirmation of any sale and purchase consideration.

Partial and complete reallotment of quota to related persons

44 The Board may, upon application of a registered producer in writing, (herein called "the applicant") reallot all or a portion of the quota allotted to such applicant to another person (herein called "the recipient") in the following circumstances:

(a) with respect to an individual applicant, where the recipient is a member of such applicant's immediate family;

(b) with respect to a partnership applicant where all partners in the partnership are members of the same immediate family and where the recipient is a member of that immediate family;

(c) with respect to a corporation applicant, where all legal and beneficial shareholders in such applicant are members of the same immediate family and where the recipient is a member of such immediate family;

(d) with respect to a Hutterite Colony applicant (or a corporation applicant which is a wholly owned subsidiary of a Hutterite Colony) where the recipient is a wholly owned subsidiary of such applicant, or a daughter-Hutterite Colony, or a corporation wholly owned by a daughter-Hutterite Colony. For the purpose of this provision a daughter-Hutterite Colony shall mean a Hutterite Colony recently created as a result of the division of the assets and the membership of a Hutterite Colony;

provided that no such reallocation will be made until the recipient has established a separate facility owned and operated solely by him in which to keep pullets, and further provided that the Board is satisfied that no value has been attributed to such quota.

The applicants will each be required to provide a Statutory Declaration in a form acceptable to the Board setting out the information specified therein and in the event that the Board has reasonable grounds for believing that any information provided in such Statutory Declaration or an Application is false or misleading, the Board may cancel or reduce the quotas in question, whether or not such quotas were reallocated.

The applicant and the recipient will each be required to provide to the board a written undertaking, in a form satisfactory to the board, stating that such party will not apply

- (a) for a retirement payment under the Retirement and Quota Reallocation Program;
- (b) for the approval of a change in the beneficial ownership of the registered producer pursuant to Part VIII;
- (c) for the approval of an association of the registered producer with another registered producer pursuant to Part IX;
- (d) for the reallocation of the quotas allotted to the registered producer pursuant to Part X; or

for a minimum of five years following the reallocation unless such party has first received the approval of the Manitoba Council to such application.

M.R. 107/2007

44.1 Any two or more registered producers (the "applicants") may apply to the Board to have all of the quotas allotted to the applicants reallocated to a single entity (the "intended recipient") for use in connection with a single facility as a single business operation.

The intended recipient may be a corporation or a partnership which is wholly owned, both legally and beneficially, by the applicants in such manner as may be satisfactory to the Board.

The applicants will each be required to provide a Statutory Declaration in a form acceptable to the Board confirming such information as may be requested by the Board. All agreements between the applicants and with the intended recipient must be appended to such Statutory Declaration.

In the event the Board has reasonable grounds for believing that any information provided in a Statutory Declaration is false or misleading, the Board may reduce or cancel the quotas in question, whether or not such quotas were reallocated.

The applicant and the intended recipient will each be required to give to the board a written undertaking, in a form satisfactory to the board, stating that such party will not apply

The Manitoba Council may appoint Members of its Staff to act as observers and auditors of each Retirement and Quota Reallocation Program.

Except as provided in subsection 8(13) and to the extent necessary to provide notices required under subsection 8(5) or as otherwise required in this Schedule, all particulars with respect to an individual Offer or to an individual Bid shall be kept confidential by the Designated Staff and Manitoba Council observers and auditors, and shall not be disclosed to the Members of the Board, Board staff who are not Designated Staff, or any other person whatsoever.

Each retirement payment paid to a successful offeror will be paid on each quota unit cancelled.

Retirement and quota reallocation program procedures

8(1) The Designated Staff shall operate a Retirement and Quota Reallocation Program on or before the 5th day of the month following the month in which notification of receipt of an Offer is given by the Board to registered producers and eligible persons.

8(2) Designated Staff may cancel, or may postpone, for up to 7 days at any time, the operation of any Retirement and Quota Reallocation Program for any reason they deem advisable.

8(3) A person wishing to submit an Offer must do so in writing, either by letter, fax or e-mail, in a form satisfactory to the Designated Staff, to the Board's head office.

8(4) Each Offer must include any necessary application fee established by the Board for processing an Offer, together with the following information:

- (a) the name, address and signature of the offeror;
- (b) the Producer Registration Number of the offeror;
- (c) the amount of quota, expressed in quota units, offered for cancellation;
- (d) the retirement payment, to the nearest cent per quota unit, which the offeror is willing to accept upon cancellation of the quota units offered for cancellation;
- (e) the Retirement and Quota Reallocation Program (month) to which the Offer applies; and
- (f) an undertaking that the Offer will not be withdrawn by the offeror once a notice has been given to a registered producer of the Offer pursuant to subsection 8(5).

The Designated Staff may require an offeror to provide proof of the consent of any secured creditor of the offeror to the submission of such Offer.

8(5) Upon receipt of an Offer in an acceptable form, the Designated Staff shall cause a notice to be mailed, faxed or e-mailed to each registered producer and each eligible person indicating the fact that an Offer has been received; the number of offerors; the retirement payment per quota unit which each offeror is willing to accept upon cancellation of the quota units offered for cancellation by that offeror; the number of quota units offered for cancellation by each offeror at the proposed retirement payment level; the total number of quota units offered for cancellation; and the Reallocation Day. The notice may contain such other information with respect to the Offer and the options available to the registered producer as the Designated Staff deems appropriate.

8(6) A registered producer or an eligible person wishing to submit a Bid on a Retirement and Quota Reallocation System must do so in writing, either by letter, fax or e-mail to the Board's head office, in a form satisfactory to the Designated Staff, which Bid must be received by the Designated Staff prior to 4:00 p.m. of the last working day before the month in which the proposed Retirement and Quota Reallocation Program is to be held.

Each Bid on a particular Retirement and Quota Reallocation Program must include the following information:

- (a) the name, address and signature of the bidder;
- (b) the Producer Registration Number of the bidder, where applicable;
- (c) the amount of quota, in quota units, requested for allotment;
- (d) the administration fee, which the bidder is willing to pay upon allotment of the quota requested for allotment; and
- (e) the Retirement and Quota Reallocation Program (month) to which the Bid applies.

In order for a Bid to be eligible to be processed on a Program, the bidder must submit a separate bank draft or credit union primary order (or other method of payment acceptable to the Designated Staff) payable to the Board representing the full amount of the administration fee such bidder proposes to pay in connection with that Bid no later than 4:00 p.m. of the working day before the day on which the Retirement and Quota Reallocation Program is to be held.

8(7) In the case of an omission or defect in a Bid or in an Offer the Designated Staff may not make changes or additions to such Bid or Offer, and the Bid or Offer will be rejected. A member of the Designated Staff shall attempt to contact the bidder or offeror and to advise him/her of such rejection. The fact that a Bid or an Offer is rejected shall not preclude the bidder or offeror from submitting a subsequent Bid or Offer.

8(8) A Bid may be amended or withdrawn, provided such withdrawal or amendment is in writing and in the form of a letter, fax or e-mail satisfactory to the Designated Staff, sent by the bidder, and is received at the head office of the Board prior to 4:00 o'clock in the afternoon of the last working day before the month in which the proposed Retirement and Quota Reallocation Program is to be held. Such withdrawal or amendment must be clear and unambiguous and must identify the bidder by name and the Producer Registration Number, where applicable, and must specify the Bid that is to be withdrawn or amended.

Any Bid which is received after any deadline for submission for that Program will be rejected by the Designated Staff.

8(9) As provided in section 47 of this Order, the Designated Staff may refuse to accept or may postpone processing of any Bid or any Offer. Any decision to postpone the processing of a Bid or an Offer, or to reject a Bid or Offer made by the Designated Staff shall be final. The Designated Staff may also establish terms and conditions before a Bid or an Offer will be processed in the future. Any person who is not satisfied with the terms and conditions established by the Designated Staff before a Bid or Offer will be processed in the future may appeal such decision in writing to the Board.

8(10) On each Reallocation Day, the Designated Staff shall qualify all valid Bids and proceed to match as closely as possible the cumulative volume, in an ascending order of quota units offered, in the Offer(s) with the cumulative volume, in a descending order of quota units submitted, in the Bids. This procedure shall be known as "clearing" the Retirement and Quota Reallocation Program. The program clearing amount (PCA), as determined by clearing the Retirement and Quota Reallocation Program, shall be the least amount at which the cumulative volumes most closely match, and shall be the amount of the administration fee payable to the Board by a successful bidder and the amount of the retirement allowance payable by the Board to a successful offeror under that Retirement and Quota Reallocation Program.

8(11) Subject to subsection (12) herein and to the acceptance of the results by the Board under subsection (13),

(a) if a bidder has submitted a Bid with an administration fee equal to, or higher than, the PCA, then that Bid shall be deemed successful and the Board may negotiate the bank draft or primary order representing the full amount of the administration fee submitted by the bidder as payment for the quota units bid;

(b) if an offeror has submitted an Offer at a retirement allowance equal to or lower than, the PCA, then that Offer shall be deemed successful and the offeror shall be entitled to receive from the Board a retirement allowance equal to the PCA for such quota units offered upon cancellation of the quota.

8(12)(a) Upon the clearing of a Retirement and Quota Reallocation Program

(i) if it is determined by the Designated Staff that, at the PCA, the cumulative volume of quota units in the Offers are less than 75% of the cumulative volume of quota units in the Bids, the Designated Staff may cancel the Program, and

(ii) if it is determined by the Designated Staff that, at the PCA, the cumulative volume of quota units in the Offers are equal to 75% or more of the cumulative volume of quota units in the Bids, the Designated Staff may add to the Offers, on behalf of the Reserve, additional quota units, at the PCA, in an amount not to exceed the deficiency, or alternatively may deem the successful bidders to have Bid, at the PCA, a percentage of their Bid based on the ratio of the quota units comprising the successful Offers to the quota units comprising the successful Bids, in which case, the bidder shall be entitled to a refund of that portion of the administration fee submitted by the bidder in excess of the fee payable under the deemed Bid.

8(12)(b) Upon the clearing of a Retirement and Quota Reallocation Program, if it is determined by the Designated Staff that, at the PCA, the cumulative volume of quota units in the Bids is less than the cumulative volume of quota units in the Offers, the Designated Staff may:

(i) bid, on behalf of the Reserve, at the PCA, a number of quota units equal to the deficiency, or

(ii) cancel the Program.

8(13) Following the conduct of a Retirement and Quota Reallocation Program, the Designated Staff shall report to the Board the number of Offers received, particulars of the Offers as set out in subsection 8(5), the number of Bids received, the number of quota units and the amounts bid or offered in each Bid or Offer, together with the PCA and particulars of the successful Bids and successful Offers. The Board will review such report and if satisfied, in its sole discretion, that there have been no irregularities or deficiencies in the operation of the Retirement and Quota Reallocation Program, the Board may pass a resolution to accept such results.

Following the acceptance of the results of a Retirement and Quota Reallocation Program, the Board will pass a resolution to allot quotas to successful bidders and to cancel quota of successful offerors in order to implement such results.

Such allotment and cancellation of quotas will be effective as of the first day of the month following the month in which the Retirement and Quota Reallocation Program was conducted.

8(14) Following the Board's consideration of the results of a Retirement and Quota Reallocation Program, each participant in the Retirement and Quota Reallocation Program will be advised in writing by the Designated Staff whether his Offer or Bid was successful, and if the Bid or the Offer was successful, the effective date of the allotment or cancellation.

8(15) All funds submitted by unsuccessful bidders as proposed administration fees will be returned to such bidder.

Limits on bids and offers

9(1) A successful bidder will not subsequently be eligible to receive a retirement allowance in connection with the cancellation of the equivalent number of quota units under the System if all quota units allotted to such producer are cancelled within five years of such successful Bid. In the event such person subsequently submits an Offer of all quota units allotted to such person during such five-year period, an equivalent number of quota units shall be debited against the number of quota units offered, so that the offeror will only be entitled to receive a retirement payment with respect to the balance of such quota units, and the quota units so debited shall be credited to the Reserve.

M.R. 107/2007

9(2) No Bid, when aggregated with any other Bids submitted by that bidder on that Reallocation Day, shall be processed if the number of quota units comprising the Bid, when aggregated with the quota units allocated to such bidder, would exceed maximum quota.

An offeror shall not be allowed to be a bidder on the same Retirement and Quota Reallocation Program and only the Offer will be processed.

Retirement fund

10(1) All administration fees paid to the Board by successful bidders will be allocated to the Retirement Fund.

10(2) All retirement payments made by the Board to successful offerors will be paid from the Retirement Fund.

Allocation from the Reserve

11 The Board may, from time to time, allocate quota units from the Reserve to registered producers in equal numbers (except to those registered producers who have asked the Board not to increase the pullet production quota allotted to such producers as provided in subsection 7(3) of this Order), and further provided that the quota units allocated to a registered producer shall not be increased above maximum quota.

Limitation re new producers

12 In the event a person is allotted a pullet production quota (the "initial allotment") and becomes a registered producer pursuant to an application to the board, such person shall not be entitled to submit an Offer which would result in the remaining quota allotted to that person being reduced below the initial allotment to such person for a minimum of five years from the date of such initial allotment and thereafter the general limitations in section 9 of this Schedule will continue to apply to such person.

M.R. 107/2007

Information

13 The Board will make available to each registered producer, on request and in a form approved by the Manitoba Council, within 10 days following such Board approval, the results of the Retirement and Quota Reallocation Program.
