Designated Small Non-Registered Producer

3(1) A levy is imposed on every designated small non-registered producer of \$4.00 per laying hen raised or kept by him in Manitoba at any time in any week in excess of such producer's verified number of laying hens.

* This regulation is made under the *Manitoba Egg and Pullet Producers' Marketing Plan Regulation*, Manitoba Regulation 242/87 R and is Regulation No. 1, 1997 of Manitoba Egg Producers.

3(2) Except as provided in subsection (3), in this regulation:

(a) "**designated small non-registered producer**" means a person who

(i) during the period February 27, 1984 to February 26, 1985, both inclusive,

(A) was not a registered producer,

(B) raised or kept more than 99 laying hens at any time during such period, and

3(3) A person may also be designated as a designated small non-registered producer in the following circumstances:

In dealing with such application, the Applicant and the purchaser will be required to provide a statutory declaration and certificate in a form acceptable to the Board confirming such details of the sale and purchase transaction as may be requested by the Board.

(b) In the event a designated small non-registered producer sells the equipment used by him in raising or keeping laying hens to a member of his immediate family (spouse, child or parent) (herein called the "family member"), the Board may, upon written application of such designated small non-registered producer (herein called "the Applicant") and such family member, cancel the designation of the Applicant, designate such family member as a designated small non-registered producer, and establish such family member's verified number of laying hens in a number equal to the Applicant's verified number of laying hens. In dealing with such application the Board may require the Applicant to undertake in writing that the Applicant will cease raising or keeping laying hens for a period of time as may be specified by the Board, and the Applicant and the family member will be required to provide a statutory declaration and certificate in a form acceptable to the Board confirming such information as may be requested by the Board.
