THE PUBLIC SCHOOLS ACT
(C.C.S.M. c. P250)

School Divisions and Districts Establishment Regulation

Regulation 109/93
Registered June 7, 1993

Interpretation

1(1) The territorial limits of every school division and school district bordering on any river or stream include one-half of the river or stream adjacent to the school division and school district and extend to the centre of the river or stream; and if the territory of any school division and school district as heretofore defined extends on both sides of any river or stream, the whole of the surface and bed of that part of the river or stream that lies within the borders of the school division and school district shall be deemed to be a part of the school division and school district.

1(2) For the purposes of school division and school district boundaries that are defined by parcels, any government road allowance, or any portion of it, located on the western or southern limit of a school division and school district or entirely within the limits of a school division and school district shall be deemed to be included within the territory of that school division and school district except:

(a) where said road allowance or portion thereof is expressly excepted from the territory of that school division and school district; or

(b) where a government road allowance, or portion of it, located between the township system of survey and another form of a referencing system of survey, then that government road allowance or portion thereof shall be deemed to be included within the territory of the school division and school district which is described by the township system of survey irrespective of the location of the government road allowance.

1(3) This regulation shall be so interpreted that the status of a school division or school district set out on the schedule upon the first coming into force of this regulation is continued and the boundaries or area are confirmed.

1(4) With respect to each school division set out in Schedule 1 and each school district set out in Schedule 2,

- (a) the number of wards and the boundaries or area of each ward;
- (b) the number of trustees in each ward or the number of trustees to be elected from each ward or to be elected at large; and
- (c) the term of office or the method of determining the term of office of each trustee;

are, except as altered by this or a subsequent regulation, as they were immediately before the coming into force of this regulation.

1(5) Where there is an alteration of the boundaries or area of a school division or school district with its name and number set out in a section heading in Schedule 3,

- (a) the number of wards, if any, into which the school division or school district is divided and the boundaries or area of each ward resulting from the alteration are as specified in that section; and
- (b) the changes in the number of trustees, if any, of the school board of each school division or school district and the number of trustees, if any, to be elected from each ward resulting from the alteration are as set out in that section.
