

Schedule D

(Certificate of an Enforcement Officer – Red Light Offence)

(Subsections 6(1) and 7(1))

[This certificate corresponds to Ticket # _____ respecting a violation of s. 88(7) of *The Highway Traffic Act*]

I _____, an enforcement officer within the meaning of *The Provincial Offences Act*, acting on behalf of the municipality of _____ state that:

I have reviewed the images captured by an image capturing enforcement system (intersection safety camera system) that was operating at _____ Street/Highway at or near _____ Location in the Province of Manitoba and was capturing images of vehicles proceeding _____ Direction at that location.

The image capturing enforcement system (intersection safety camera system) operating at the above referenced location is a _____ Name of System, with serial number _____, which is a device approved by the Minister under Manitoba Regulation 220/2002.

The images I reviewed were captured on _____ DD MM YYYY at _____ Time (24 hour clock).

As a result of my review of the images captured respecting a motor vehicle _____ Make/Colour/Year with _____ Province licence plate number _____ and registered to _____, I made the following observations:

Red-phase elapsed time before first image _____ seconds

Red- phase elapse time before second image _____ seconds

Speed of vehicle at time of first image _____ km/hour

Lane number _____

Yellow-phase elapsed time before contravention _____ seconds

Time elapsed between images _____ seconds

The images to which this document is appended are the images that I reviewed and are reproductions of the images obtained through the use of the above referenced image capturing enforcement system and correspond to violation number _____, as indicated on the images.
